## BREAKTHROUGH IN INTERCESSION

Beloved Partners & Friends,  
**THE POWER OF INTERCESSION!** It is simply amazing what the Lord will do if we will only listen and be **OBEDIENT**. Some amazing and incredible events have just taken place in Malawi and are still taking place as I write this editorial. Since the elections two years ago the new President has had a major battle with the former leader and his politicians. There was a foiled assassination attempt on the new president in January last year. The plotters were all forgiven and the matter supposedly ended. The issue is once again all about Islam. The Vice President, you see, is a rabid fundamentalist Moslem who is absolutely set on introducing sharia law into Malawi. Should anything happen to the President, then his Vice will automatically take control and the latter state of the nation will be far worse than the former. How dull and deceived the west is concerning the issue of Islam in their vision of world wide domination which is no myth but a powerful and attainable goal. We in Shekinah Ministries will never tire of sounding the trumpet on this serious issue that is effecting all of our lives especially in light of what I am about to reveal. Following the attempted assassination last January the Lord really burdened us in Malawi to intercede for the president's safety but in particular, we were clearly directed also to intercede for the **EXPOSING** of the Vice President and his **DOWNFALL**. Two months ago, the Vice President was suddenly dismissed by the President for serious insubordination in a bold move that was legally debatable since the confirmation and removal of any Vice President can only be executed through an act of Parliament. The situation

however, had become unbearable for the President as his Vice had set up a parallel cabinet in preparation for a hostile take over. He was doing everything to undermine the president and acted with no regard for authority whatsoever. Only this past week at the beginning of May, the de jure Vice President was suddenly arrested on charges of treason. This is no political ploy but a very serious national and international matter of the deepest concern. Surrounding himself with an all Moslem team, the Vice President planned an executed in detail events leading to the assassination of the president. He sent delegates to hire a white assassin from South Africa. From the very beginning, every conversation was recorded by the professional assassin who has now signed sworn affidavits in Malawi. The assassin was flown to Malawi and was offered two million US dollars to execute the assassination. Full details have been given to the Malawian authorities who moved swiftly to arrest the Vice President. Despite the ridicule of many, once again, intercession has been proved to be really accurate and to work.

This brings me to the exceedingly seriousness of the subject of international terrorism. In a conference held in WASHINGTON last weekend, experts on world terrorism and Islam gathered together to discuss this most critical threat to world peace. The consensus of ALL, including the former deputy of CIA, is that nobody has any concrete answers to this hugely critical subject. Well, I have news! There is ONE who has all the answers but until the Church pleads for His intervention and starts to take matters seriously, we will never be able to give direction to the nation and nations. Listen to this news that came out of that conference. A Pakistani journalist has met and interviewed Osama Bin Laden twice in recent months. Bin Laden has sealed off a huge area of northern Afghanistan and Pakistan. Nobody may enter those areas unless they are given express permission by the Taliban and anyone entering the zone without permission is immediately executed. In a recent interview during the last two weeks, Osama Bin Laden categorically told that journalist that the bomb is already in USA and the cells are all in place for a blitz. Should the USA attack Iran, they will assuredly detonate the

bomb.

Now beloved, there is no room for panic or despair of any kind. If the Lord can expose the Vice President of Malawi, he can also expose the terrorist network in USA and expose even the hide out of Bin Laden. The problem is not the enemy but the divided and lazy "Body of Christ." We are still trying to decide whether intercession truly works or whether all are called to be intercessors or whether we are meant to rant and rave at the devil or whatever else. Yes, intercession really does work and even as the Lord revealed to the prophet what the king was speaking in His bed chamber the blessed Holy Spirit is still able to do the same today. Indeed, the Lord will reveal the secrets of the hearts of evil men and expose their wicked machinations to real men and women of God. What an amazing power the Lord has given to His saints. Tragically, we live more in unbelief than the mighty power of the Holy Spirit. The Church certainly does have the answer when the world has none and lives in despair. Fear should not rule you at all after having read this editorial. Should fear grab hold of you, beloved, then your eyes are not fully on the Lord.

Perfect love casts out all fear and this love should give us the thrill and exhilaration to be used powerfully of the Lord to change circumstances and situations. Osama Bin Laden is a defeated foe. It is time for the Church to affect his de facto demise.

How many believers let alone churches have prayed even once for Bin Laden to be exposed? How many believers let alone Churches have prayed for the situation in Iraq? Just remember this thing: if the war was not happening in Iraq, it would be happening right here on American soil. It IS all about Islamic terrorism and jihad. This is a trumpet call to war. This is the cry of a WATCHMAN on the walls; a warning sound; a call to start praying. If every believer on our mailing list would take just one minute each day to ask the Lord to expose Bin Laden, expose the cells and bring these terrorists down, God will surely begin to move. This is not only about the USA. It is about Europe and all the nations. Satan has launched his last and fiercest system against the planet. We have His AUTHORITY and His POWER to defeat the enemy but we need to believe, be focused and work!

## AMERICA'S TRUTH FORUM

The following is a letter from America's Truth Forum sent to us by someone who attended the seminar on Islamic terrorism in America which was held at the beginning of May..

"According to feedback received from those in attendance, this past weekend's symposium exceeded expectations by a wide margin. Our experts removed their 'kid' gloves to expose the truth about Islam and its threat to world peace and national security. America's Truth Forum promised to drop a major bombshell at the event and that it did. During the pre-event conference at the National Press Club, Dr. Paul Williams publicized critical information that was secured from Hamid Mir—the only journalist who interviewed Bin Laden since 9/11. According to Mir:

1. Al Qaeda has a nuclear arsenal.
2. A number of nuclear weapons have been forward-deployed to our soil and unknown locations in Europe.
3. The Taliban has retaken large areas in Afghanistan in addition to three provinces in Pakistan.
4. Iran and al Qaeda have formed an alliance against the United States and western interests. Military action against Iran will result in detonations on our soil.
5. In 2000, al Qaeda tested a nuclear weapon (most likely a dirty bomb) in the Kunar Province of Afghanistan. As a direct result of that test, an engineer lost his eyesight.
6. Over 1,500 clerics and officials have been executed in Pakistan for openly supporting Musharraf's regime.

Weeks earlier, Mir reported to Dr. Williams that Osama bin Laden was not only alive and well but about to release a videotaped message to Al Jazeera. For well over a week, the mainstream media blocked all of my attempts to publicize that message. The information was released in a Worldnetdaily article that appeared two full days prior to Al Jazeera's posting of Osama bin Laden's menacing address. (this fact alone should have greatly boosted Mir's credibility and caused a media blitz).

At the conference, Dr Williams and I introduced the following account in support of Mir's contention regarding al Qaeda's nuclear capabilities.

The Israelis apprehended a Pakistani terrorist with a nuclear device in 2001. The arrest took place on Israel's southern border with Jordan—at the Allenby Bridge Crossing. Subsequent reports upgraded the weapon from a dirty bomb to a tactical nuclear weapon—a plutonium fusion device that was capable of producing a 3—10 kiloton blast. According to Richard Sales, a former intelligence correspondent for UPI this seizure was confirmed by American intelligence agencies, CIA operatives imbedded in the KGB and the Israel Mossad.

Several days ago, Hamid Mir advised Dr. Williams that a squad of 12 assassins (Afghans and 3 Pakistanis) was recently dispatched through Iran to execute the Danish Cartoonists—another story ignored by the media.

As expected, many of those in attendance came from various federal and state law enforcement agencies. To date nothing discussed has been contested. If anything, several agents have contacted us in search of additional information. Yet, the mainstream media has done much to block the dissemination of what was brought to light by our nations leading experts. Perhaps, "fair and balanced" no longer applies.

America's truth Forum is being encouraged to host a similar event on the West Coast. We are currently looking into that potential and plan to release details on our website.

## RUSSIA BECOMING A MOSLEM STATE?

Imagine Russia in 2050! According to Paul Goble, a specialist on ethnic minorities in the Russian Federation has predicted that within the next several decades, Russia will become a Muslim majority state. There is another bad news with fast decline in country's population. This has already become a headache for Russian politicians and policy makers. President Vladimir Putin has called already for Russian women to have more children, because demographers predict that Russia's population will fall from 143 million to 100 million by 2050. This situation has alarmed Russians as well Western leaders, more so because analysts estimate that Muslims will comprise the majority group in Russia's population in few decades. The Muslim population growth rate since 1989 is between 40 and 50 percent, depending on ethnic groups. Today Russia has about 8,000 mosques while 15 years there were only 300 mosques. According to statistics, by the end of 2015, number of mosques in Russia will cross 25,000. These statistics are frightening for many ethnic Russians who associate Islam with the Kremlin's war against insurgents in Chechnya. Russia is shrinking. Alarmed by the situation, Putin has offered incentives to women who will have more children. Commenting on the issue, a former diplomat said, after the fall of Soviet Union, unfortunately, the entire Russian nation has lost their nationalist spirit, because of poverty and other socio-political adversities. He said, not only the number of Muslim population in Russia is on fast growth because the Muslim women have more than one child, but in recent years, a large number of Islamist NGOs are actively working in the country, which are playing desperate role in having very large number of newly converts in Islam from other religion. He further said, especially the atheist groups are gradually getting inclined towards Islam because of extensive propaganda and activities of the Islamist NGOs.

Highly educated scholars are engaged in giving sermons in mosques and other public places on a regular basis, which is putting tremendous impact on the minds of the people, especially the younger generation. These Islamic clerics are even with suits and clean shaven face.

They speak different languages fluently, which is a very strong point for them to attract the attention of already educated Russian people, who are in serious economic and social distress. He said, in contrary to activities of Islamist NGOs, there are virtually no or very few activities of missionaries of other religious faiths in Russia. Although the Islamist clerics and missions have their hidden and open missions in mind, from their faces and sermons, it is really difficult to identify anything. They initially spread the message of peace, and end up with the poison of religious hatred and jihad. These groups are even gradually capturing Russian media, through investments via Western countries, which are actually Arab money. They are even spending money in giving voice and strength to Muslim leadership, with the ultimate goal of taking over the power of Kremlin. A senior journalist with Russian Interfax news agency told Blitz Afro-Arab sources are putting millions of dollars behind Islamist NGOs in Russia. In near future, quite a number of important seats in Russian parliament will also go into the hands of Muslim leaders. He said, in Russian press clubs, number of Muslim journalists is increasing steadily. He said, millions of dollars are spent for building mosques and Islamist institutions in different parts of Moscow and other parts in Russia. The Islamist NGOs even operate orphanages, where children from various religions are adopted and later converted to Islam.

## MALAWI

The container from the US via Toledo arrived in Malawi today. This is the fastest it has ever been. There is always great excitement and jubilation when a container arrives and all the staff get involved in the offloading because they want to see what is in it. It is somewhat like children waiting to open their Christmas gifts.

Two containers from China carrying our desks and chairs arrive at the end of the week. Because they did not assemble them they were not only able to fit them all into two 40' containers but they were also able to pack in teacher's desks for each classroom. If assembled we would have had to pay for 2 x 40' and 1 x 20' containers so this has saved us a further \$3,500 on top of the \$50,000 saved by purchasing direct from China. I know that a number of people felt that we should buy American since that is where the support comes from. Most stacking chairs and desks used here in the U.S. are imported from China anyway. The big stores we approached would only give us a dollar discount on each item and

Refused to have China ship direct to Africa but said everything would have to come here first and then be shipped on from here. We are sure that our supporters understand that stretching their support money as far as we can (which has always been our policy) is important. We try to be wise stewards with what we are given.

We now have another opportunity to save. We received a quote from a paint company in Malawi. They quoted \$80,000 to paint the school. We have made enquiries here to see if we can purchase the paint and ship it for less. We have received some of the quotes and it looks as if we will be able to purchase the paint, a commercial paint sprayer and ship it for approximately \$50,000 less again, than what we were quoted for the job in Malawi.

We are wanting to ship another container by September so for those who missed the previous one, please start sending books, household items, office stationery and equipment, school equipment (pencils, pens, paper, paint, erasers, sharpeners, scissors, binders, copiers, scanners, printers, filing cabinets) all in good condition please to:

## UPDATES

Time has passed so quickly and it is hard to believe that Bwana's US schedule is almost complete. Our grateful thanks to all those churches and pastors who hosted him while he was here. It was wonderful to see friends again and also to make new friends and new contacts.

He leaves for Malawi after spending a week in California with his family who are all going to be there for Roz's son, George who is getting married. His uncle will be performing the wedding ceremony.

People have been blessed as he has preached what is on his heart during this trip and we have already had the messages edited by our friend in South Carolina. These messages are available on CD and DVD from the office in Kansas City. If you would like to get them please order as soon as possible as this is a fresh Word from the Holy Spirit.

You may order online through shekmin@aol.com or by calling the office (816)734-0493.
