Beloved Partners and Friends,
 There can be no debate about the fact that **natural** Israel is a barometer that measures the count down to the coming of THE Antichrist and his world domination. The shattering events of the past few weeks yet again polarize people and even the body of Christ. The issue of natural Israel is so significant and spiritual that it cannot possibly be ignored by any believer. Attitudes towards natural Israel are not a matter of personal opinion. This is not about the whims of individual sentiments but about the solid choice of the Lord God Almighty. Why God chose that gentile Abraham and formed him and his descendants into the nation of Israel and gave them the piece of real estate that focuses upon **Jerusalem** is entirely His business and none of anybody else's. That deep, really deep human sentiment worldwide gets stirred up about Israel and Jerusalem is patently obvious. The real issue is all about the Lord Jesus Christ and His return to the Mount of Olives. As an intercessor, it is clearly evident that satan, knowing he has a short time to live, will do everything possible to prevent or delay the return of Christ. Sadly, Christians are accustomed to listening to their liberal national media and following what they have to say rather than listening to the blessed Holy Spirit. Opinions are based on the biased and false reporting of people who would rather be "politically correct" in appealing to the masses and the people who control oil than be accurate. It is all about money and selling their newspapers which means "mass appeal" than being accurate. Bashing Israel is the vogue but not with God. Your attitude to Israel, beloved Partner and friend, will have a great bearing on your spiritual growth and maturity as well, I believe, as God's blessings or

I WILL BLESS THEM THAT BLESSES THEE

lack thereof upon your life. His Word is abundantly clear: "And I will bless them that bless thee, and curse him that curseth thee: and in thee shall all families of the earth be blessed." It is wise that, if a person does not understand, then "shut up the mouth" as we say in Africa. God has a purpose, a very real purpose for natural Israel. "For I would not, brethren, that ye should be ignorant of this mystery, lest ye should be wise in your own conceits; that blindness in part is happened to Israel, until the fullness of the Gentiles be come in. And so all Israel shall be saved: as it is written, There shall come out of Zion the Deliverer, and shall turn away ungodliness from Jacob: For this *is* my covenant unto them, when I shall take away their sins."

The utter **FOOLISHNESS** of Israel in giving up one inch of territory – her sovereign territory given to her by God Himself – must be seen in light of the present situation. Wake up then, natural Israel! Islam will **NEVER** be satisfied until natural Israel – in their eyes – is wiped off the map. The demise of Ariel Sharon is precisely for the fact that he was willing to give up territory and compromise over Jerusalem. Anyone at all who tampers with natural, physical Jerusalem will make himself an instant enemy of God. That position is God's prerogative. These powerful points are not debatable and non-negotiable.

Sadly, the only thing that Islam will understand and respect and in particular the fanatics like Hezbollah is precisely what Israel is doing right now in Lebanon. That that monster, Syria, sits on the side lines and provokes and stirs strife is a direct result of the failure of King Joash to smite and smite and smite and smite and smite and smite and smite having fired the arrow of the Lord's deliverance. Oh the responsibility we have in demonstrating real passion in obeying the true prophetic word of the Lord. King Joash lacked passion because deep down, he lacked belief. Such is the position of a vast majority of believers today. And, anyone who will not believe that IRAN has sinister designs in their nuclear program is a fool. The current president of Iran sees himself as

the reincarnated Mahdi whose "divine mission" is to lead Islam into paradise and annihilate Israel. This unknown entity won the elections in Iran for the precise promise that he made the nation of fulfilling that divine destiny as the chosen instrument of Allah. This means that he has the support of almost the entire nation and the blessing of the nation to use all of its resources to that stated purpose. The west just cannot comprehend such notions because they simply do not think in such a fashion. There is no such foolishness as separation of Church and state in Islam. It is all one and the same. His destiny then, is no different than that of Hitler. They both serve the same master, satan, whose agenda has always been the annihilation of natural Israel. Quite obviously then, neither I nor this ministry is a supporter of that damnable heresy of "REPLACEMENT THEOLOGY" that has invaded the Church and led captive so many. Every believer must, sooner or later, make a clear stand on their position on natural Israel and be vocal about it. Israel is going to be the major issue from here on out until Jesus returns and it is better to be on the side that God is on rather than against Him.

CONTAINERS

Containers have been "Raining down" on Kalibu over the past three weeks or so. First the two containers arrived from China with all the desks and chairs beautifully packed. Next came the container from Toledo, OH full of donated goods along with kitchen tables and bookshelves for the library. Finally this week came the container of books from Books for Africa in Minneapolis along with tires and tubes donated by our precious friend in Cedar, MN. Thanks again to all those who donated and to those who helped pack especially the Toledo container. Thank you Karen and Michelle and the Mail It staff who are always smiling and friendly no matter how busy they are when we arrive to drop things off. You are greatly appreciated. The next container from Toledo will leave around mid September. It will have the

chalk boards for the classrooms along with the paint for the school. We have a team of painters going out to use that paint in November headed up by David Lusiak from Toledo. This is how the Body of Christ should operate. We should be able to network together and assist each other so that the work of the Kingdom can go forth without delay. Please start sending books, household items, office stationery and equipment, school equipment (pencils, pens, paper, paint, erasers, sharpeners, scissors, binders, copiers, scanners, printers, filing cabinets) all in good condition to:

Today, Monday 17th July we saw answers to prayers and witnessed many a miracle in Israel. So far over 1,400 missiles have hit Israel. 13 civilians have died, 12 soldiers have been killed and hundreds injured.

Many more have been treated for shock and moved to safer areas. All day on the television the names and phone numbers of families from all over the country shoot up on the bottom of the screen. These are the ordinary Israeli's stepping up to offer accommodation to any who wish to leave the Northern areas most seriously hit by rockets. Politicians who in the past have been bitter rivals sit in press conferences and all voice the same firm opinions. "Israel will not play the victim anymore! We stand strong and united as a Government and nation. We will have secure borders, with or without International support. We support our soldiers and all those who are on the front lines paying a price for the safety of the nation." The Prime minister tonight addressed the Knesset and said, "Israel will not agree to live with rockets fired on its citizens anymore."

Gone are the days of cries for restraint. Israel as a nation has closed ranks and they know they must win this war against Hezbollah and send a firm warning to the nations who prop them up and support them. The man in the street knows this war will cost us - lives, homes, and simple comforts such as sleep. But Israel stands strong and I am proud to be part of the fight of the brave! Every

soldier and citizen who has died is given a personal biography on each news channel and newspaper in Israel. At all the funerals, hundreds come, many never even knew them personally, but they come to show the family they are not alone in their grief. Heroes are being birthed each time a rocket hits a building. When the all clear is sounded they run from the safety of their own shelters to see who they can save or pull from the rubble.

Today in Jerusalem a terrorist was caught with a 5 kilo bomb in a briefcase on his way to carry out a suicide bombing. An alert policeman thought he looked suspicious and saved the lives of many. What a wonderful answer to prayer!

Israeli Air force planes spotted a truck carrying missiles on the outskirts of Beirut, they fired a missile and when it exploded one them shot up into the air and burst into flames. Initially Lebanese television bragged they had shot down an Israeli F16, but when the flames died down they were amazed to discover it was a huge Iranian produced missile with a capability of reaching 200 kilometers. Should this missile have been fired it would have hit the centre of the country. Again, what an answer to prayer!

Please do not grow weary in your efforts to pray, we have seen so many answers to prayer and I could go on and on.

BIG ITEMS REQUIRED FOR THE KALIBU ACADEMY

We still have a number of things that need to be purchased for the school in Malawi. They are as follows:

School Buses 4x	We are looking into getting these direct from Japan unless we can find second hand buses in the US for a good price. From Japan we are looking at	\$64,000.
Paint for the school and the housing		\$30,000
Science equipment		\$15,000
Computers		\$20,000
Text Books		\$60,000

This seems an enormous amount but we would like to challenge you to commit to the purchasing of one computer at \$350 over the next three or four months or to a five gallon bucket of paint at \$80. If we break it down and each family supported one aspect this would become easily viable. We have done this before with the roofing in Southern Sudan and for many other projects we had there so there is no reason that we cannot achieve it in this case. We cannot place a price on the salvation of any who pass through this school or those whom they will eventually impact for the Kingdom. We are asking that you would continue to work with us until the task is completed.

INTERCESSION "BOOT CAMP" TEACHING CONFERENCE

Last weekend a team from Shekinah Ministries went to Ft. Worth TX to teach on intercession. We believe that it was a tremendous success and that we will begin to hold these meetings nation wide as we do in Finland and Lithuania. The following is feed back from the lady who set up the Ft. Worth meeting.

"Pastor Michael,

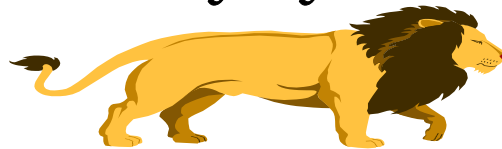

Thank you so much for sending a team to teach on intercession. I know many were touched, but if it were just for me, it would have been worth it all. This was an answer to my prayers, I have been calling out to God to break my heart for the lost and hurting and He did! I have heard so many conflicting teachings on intercession, but this confirmed much of what I had always believed in my heart to be the truth. Your teacher was excellent and I thank God for the passion that was imparted during the meetings. I saw many, who like myself, were released from the spirit of intimidation and set free to call upon His name unashamedly. There were many leaders present who can now take this back to their prayer groups or start new groups. What I liked about this teaching is that you can bring everyone in on the same page so that we can pray in one accord and hear the heart of the Father. I can see a group of all ages, especially the youth, being taught to pray this way in His power and anointing, with signs and wonders following.

I have sent out an email for people to send me their responses to forward on to you. I have heard reports that someone's nail technician was saved as a result of our intercession. We had reports of physical healings. One couple, as he prayed in the spirit, his wife heard him pray in English with the understanding. I was in so much physical pain, but as I was anointed and hands were laid on me I felt the fire of God go through me, so I am standing against it. I had several request for a team to come back and teach and I pray that the Lord will make the way for them to do so. I know we could learn much from them. We are setting up prayer meetings and organizing those whose hearts are knit together for His purposes. Thank you so much. I will send on responses as I receive them." MT Burleson, TX
