Beloved Partners & Friends

There are many believers who are still so skeptical about the whole subject of intercession and often rightly so when so much is flaky. That does not mean, however that there is not also the genuine. Intercession, as I have said before and will say many times again, really works.

Any and all may say what they like but the only terrorists operating in the world today are Islamic. We are all in *Jihad* and the latest war in Israel was not simply a fight against Hezbollah and the PLO but their Iranian and Syrian masters. Islam really does have an agenda to take this world for Allah and establish a world wide Fundamentalist state operating under *sharia law* or the rule of the Koran where Allah is praised at being a liar and encourages his followers to lie as well. What power is going to overcome this evil system of darkness? The light of truth, love and the power of true intercession will defeat this enemy who is not new but was in the Garden before Adam and is appearing in yet another religious cloak.

For a while, our intercession was that the Lord would really expose Islam for what it really stands: the darkness, the violence, the aggressiveness and anger that is so locked up in this religion. The demonstrations of anger and riots and hatred that broke out as a result of the cartoons of Mohammed clearly revealed *the spirit* behind Islam and this was a wake up call to many western nations as to the nature of the real enemy.

This was followed by the exposing of the true militant and aggressive intent of Islam concerning Israel in the latest war, now called "The War of no choice." The PLO Charter has never been changed. "Article 7" of this Charter states "It is a national

THE POWER OF INTERCESSION

duty to bring up individual Palestinians in an **Arab revolutionary manner**. "Article 9" is even more damnable in declaring "**Armed struggle** is the only way to liberate Palestine. Thus it is the **overall strategy** and not merely a tactical phase." Giving real power to "Article 9" is "Article 15" stating, "The Arab nation (note it is ONE) must mobilize all its military, human and spiritual capabilities to participate actively with the Palestinian people in the liberation of Palestine." That the people endorse and agree with this is evidenced in the election of a terrorist Government in the so-called Palestinian territories, who despite an outcry from western countries, still has not dropped any of the Articles pertaining to violence and the obliteration of the State of Israel. Yet, the West continues to support the Palestinian cause by the vast supply of "humanitarian aid" when the people who cry "foul" themselves elected a terrorist government and continue endorse and actively support the same.

The latest intent of Islam is clearly revealed in the attempt of terrorists on a mission of *jihad* to blow up twenty planes out of London Heathrow destined for USA. That this plot was foiled and exposed is nothing less than the power of intercession actively working. Make no mistake it is impossible outside of the active intervention of the Lord God Almighty, Jesus Christ, through the power of the blessed Holy Spirit to have caught those terrorists carrying sophisticated explosives in their hand luggage. All the skill of men – the complicated equipment, the alertness, the searches and rules and strategies – amount to nothing in the face of an aggressive, wicked and determined terrorist who has nothing to lose in his own eyes and paradise to gain in dying on the mission of holy war.

Kalibu Ministries has taken up the burden of intercession for terrorists to not only be exposed and arrested but also executed. We know that others have also taken up this burden in intercession, a burden long overdue and a burden that the Christian media moguls should have championed and endorsed. They have not and they have failed yet again when it comes to serious spiritual matters.

Thank God He does not need a vast army but a dedicated few who will commit to what the blessed Holy Spirit demands. Intercession has worked in saving Britain and USA and many, many lives. Continued intercession is needed for this enormous danger and the even greater responsibility of the exposing of Islam for what it really is and for what it really stands. This is a vast spiritual war and the die is cast for the end time alignments. We challenge you to join us in this great burden and in particular to the revealing and capture of Osama Bin Laden. The Lord sees his whereabouts at any moment of time and simply waits for an intercessor/watchman to step up to the plate, take seriously the responsibility and through the power of travail, touch the heart of God until something tangible happens in the natural.

Let the enemy of the Lord and the enemy of men be placed on notice that enough is enough and when God's serious vessels start to seriously intercede, even greater things will happen than has just been exposed in London. Let the nations thank the intercessors – the unrecognized and unknown saints who have been burdened – who have saved the day and turned the tide. What the enemy has purposed for evil, we pray that God would turn around and bring forth victory and good.

LETTER FROM THE MINISTER OF EDUCATION

The following is an official letter received from the Minister of Education. Although she is regretting that the President will not be able to officially open Kalibu Academy next year she, herself will perform the opening. What is significant is the praise that she has showered upon the facility that is in keeping with the "SPIRIT OF EXCELLENCE." Those who have supported this endeavor may rejoice with us and give thanks to the Lord. Many have wondered whether this vision would ever come to pass. "For the vision is yet for an appointed time, but at the end it shall speak, and not lie: though it tarry, wait for it; because it will surely come, it will not tarry." (Hab 2: 3) What incredible victory of the Lord and how amazing is our God that He has done this marvelous thing. Thank you to all our PARTNERS and FRIENDS. We want you to get as excited as we are in this praise and of course, we give all glory to our faithful and abundant Father. Please remember too, it is NOT the end and we still need your continued support for this project.

Ref. No. 6/1/1

3rd May, 2006

The Rev. M. T. Haward,
Kalibu Ministries, P.O. Box
1473, Blantyre, MALAWI.

Dear Rev. Howard,

INVITATION OF THE STATE PRESIDENT TO VISIT AND OPEN KALIBU MINISTRIES ACADEMY IN CHILEKA BLANTYRE

I would like to acknowledge receipt of a photocopy of your letter of invitation dated 19th February, 2006 addressed to His Excellency the President of the Republic of Malawi, and copied to the Minister of Information and Tourism and Minister of Education in connection with the above mentioned matter.

I am pleased to inform you that His Excellency the President has directed that the Minister of Education should visit and open the magnificent academy on his behalf. It is

not possible for the President to perform this function due to other pressing engagements. Therefore, it is a great honour and privilege for me to be given the opportunity of gracing this auspicious occasion, and I look forward to the memorable ceremony next year.

May I take this opportunity to express my profound gratitude to you, Reverend Howard, personally and the Kalibu Ministries for making the dream of building the academy a reality. Definitely, this is no mean contribution to the development of the country, where educational institutions of higher learning are grossly inadequate. This academy benefits many Malawians and the nation. You can rest assured of our maximum cooperation in your endeavours. Already there is a programme for my senior staff to visit and admire the academy in due course.

Please, as you are close to open the Academy ensure that you will take the necessary steps to get it registered and accredited to award academic qualification in accordance with the requirements of the laws of the land.

I wish you good luck and success in realizing the dream of Kalibu Ministries Academy.

Best Regards,

Yours Sincerely

Kate Kainja-Kaluluma, M.P.
MINISTER OF EDUCATION

DROUGHT AGAIN

Droughts are so destructive. I watched in horror, absolute horror the latest news cast on the drying up of the Amazon River and now hear of the devastating drought in the mid West and heat waves across the entire northern hemisphere

including nations like Finland.

Droughts are common to Africa but always ruinous and something to which it is impossible to ever get accustomed. Despite good rains in some areas, the vast areas of Malawi are again facing DROUGHT and the accompanying FAMINE. I do believe that these shifts are an on-going result of the Tsunami as well as the poor spiritual climate of the nations for natural things are indicative of spiritual things.

It has been necessary yet again for Kalibu Ministries to outlay a large sum of money to buy in maize as the price is already beginning to sky rocket in anticipation of a mammoth shortage. We have recently out laid US\$8000 for maize and beans to ensure that at least the staff and pastors have sufficient provision. Our partners and friend have been so gracious in the past and should you wish to help again, we would be delighted as it lifts the burden from our shoulders. The early Church graciously came to the rescue and also helped those in famine situations. Thank you so much and bless you.

PURCHASES NEEDED

Update on the school buses. Once again it seems that China has come to the rescue and are offering us an amazing deal for five 30 seater buses. We are working on a shipping prices

Paint for the school	\$64,000.
Science equipment	\$30,000
Computers	\$15,000
Text Books	\$20,000
	\$60,000

It has taken four weeks of working with Dell but they have finally agreed on a price and we have been given permission to export.

This all seems an enormous amount but we would like to challenge you to commit to the purchasing of one computer at \$350 over the next three or four months or to a five gallon bucket of paint at \$80 or a set of books for a student at \$60. If we break it down and each family supported one aspect this would become easily viable. We have done this before with the roofing in Southern Sudan and for many other projects we had there so there is no reason that we cannot achieve it in this case. We cannot place a price on the salvation of any who pass through this school or those whom they will eventually impact for the Kingdom. We are asking that you would continue to work with us until the task is completed.

FAMILY WEDDING

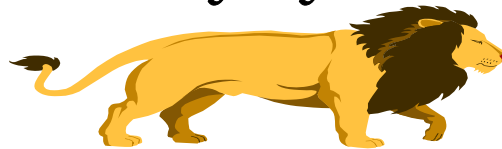

It is with great joy that we welcome Megan into our family. On June 2nd the Howard/Heyns/Ranes and Horchem families joined together in California to celebrate the marriage of George and Megan. Mum and Dad Howard traveled from Africa, Michael and Roz's brother and sister-in-law also came from Zimbabwe and Bwana performed the ceremony. It took place overlooking the harbor at Dana Point. The weather was wonderful and the scenery was beautiful. It was a small wedding with family flying in from Kansas and Missouri to celebrate. We pray every blessing upon George and Megan and their great future together.
