**Beloved Partners & Friends**

The power of fasting is simply amazing though seemingly an almost forgotten discipline in the body of Christ! All of Biblical thinking as well as the practical physical aspects of fasting is that it is a clear affliction of the body and soul for the purposes of touching God. It is not about seeking to manipulate Him for that would never work. No, it is about bringing the flesh under discipline so as to effectively plead a cause with the throne of grace. Fasting brings the anointing and it is the anointing that breaks the yoke. Often there are many yokes that need breaking in the believer's life. The recent fast that we called to intercede for finances and to see a three fold increase in the numbers at the Academy was a resounding success. Most of the team here in Africa completed the seven days on water as did many of our partners and friends. It was wonderful to see those who had never before fasted, step up to the plate and complete the seven days without faltering. We now await the results that we know are on the way. The Lord never fails.

One of the best and immediate results was the spirit of unity that came down and that has knitted hearts together as one. There is an excitement and anticipation in the air. One of the greatest testimonies in answer to our fasting was given by a prospective father who called the Academy. He lives at Chileka where the Academy is situated. He apologized and said

## FASTING

how embarrassed he was that he did not know the Academy existed though he passed by the large bill board DAILY. "My son is at ... High School but you know, I am wasting my time and money. He is learning nothing. His mother died last year and the bank for which she worked pays all his fees until the end of high school. So, I went to see the bank manager and asked, 'Is there any school in Blantyre, I mean decent school where I might send my son?'" "Oh!" Replied the Manager without hesitation. "There is only one school in the area to which you need to send your son." "Which one might that be?" "Kalibu Academy", came the reply without any hesitation!"

What a tremendous endorsement. Parents are coming or calling DAILY looking for a school to which to send their children. What a testimony and to think, you have a part in this wonderful plan of the Lord to change the destiny of this nation!

On the financial side, the cloud has lifted. Sometimes, the devil tries to intervene and darken the horizon and frustrate what the Lord purposes—but the yoke is broken, the sun shines and the blessings fall once again. It is going to be wonderful to see you all again and to enjoy fellowship around the triumphs and victories in the Lord. What a mighty, wonderful dynamic friend HE is and how rich we are together in Him. Once again, thank you for your support. In addition to this, we have the following to report as a result of the fasting:

One of the things upon which I focused during this fast is the RICH-

NESS of friends and people upon whom you can call and depend in the time of crisis. To everyone who stood with us, whether you were able to complete the 7 days fast on water or not: THANK YOU! THANK YOU!! THANK YOU!!! And, above all, the Lord Almighty richly bless you. Most of the staff were able to complete the seven days on water despite some heavy work schedules. There were definitely some strong forces of darkness that needed to be broken and others resisted but I know this was done completely successfully. What was also important was the unity that it brought in the team.

The big thing is the results for which we are waiting but already we are seeing God move. For instance, just today, I received news that we are able to ship our container from Finland for HALF the best original price! That is a savings of almost US\$5000!!! How exciting. We have waited for months now to find the best price. I have no doubt this is an answer to our fasting.

I will give a full report in the newsletter but just wanted to say how proud I am of you all how much I appreciate your efforts no matter how small they might have been in your eyes. I KNOW that the student numbers are going to explode.

Blessings and love

Pastor Michael

## WINDS OF CHANGE FOR U.K.

Riverside, Wonford in Exeter saw the inaugural meeting of Out of Africa UK. Michael Howard preached with passion and fire, encouraging all to keep their fire burning or for some to desire the fire fall on them for the first time.

Chris Bourne who has read 'Tales of an African Intercessor,' watched and learnt from the DVD series now had the opportunity to meet the man. He said reading the book was as though I were listening to him, watching the DVD's I learnt how his straight forward approach was simplicity itself and being there live to hear him preach was just great. Unless we too have that same fire of passion burning within to be in the intimate presence of God we'll never know what's on His heart and see His kingdom come as His will is done here, today in the UK. It was a real privilege to hear Michael's heart and catch a glimpse of how we too can press into the presence of God....

The hall at Wonford was packed to the gunwales and for Michael's next visit we will need a larger venue. We are not waiting for the next meeting for God to move but want to see those who were here really go on with the Lord in a new and exciting way.

A conference is planned for November 7th through 9th at a venue to be confirmed. You will need to contact George Bainborough if you are wanting to attend. George is the Out of Africa's U.K. Representative. His email address is: [seewaytrust@onetel.net](mailto:seewaytrust@onetel.net)

## REPORT FROM SOUTHERN SUDAN

"From 6th to 25th of May my wife Jane and I made a trip to Uganda. The main reason for our trip was to visit her parents who live in Southern Sudan. While in Kampala, Uganda I phoned just one person in Southern Sudan and then the news about our trip just spread among our friends there. People were very excited about the prospect of seeing us again. They were calling and calling and asking me to visit Sudan and see them. Some of these were the same people who, a few years ago - when we all together were working in Sudan - rebelled against us and denied everything that we had been doing for them. After the years have gone by they have realized the importance of the work completed through the Bible College in Yei. It is really amazing that all those people who gave us such trouble now want to work together with Kalibu again. They said that they really are missing the teachings of Pastor Michael. People said they still appreciate the great work which Pastor Mike and Mama Roz had done for them in Yei and they are not going to forget it. Many young people who were trained to be pastors at the Bible School are powerful preachers and they are doing a good job for Christ. This is just wonderful. People there really appreciate the huge intercession work which was done for the nation of South Sudan and recognize that because of it the nation can now enjoy peace. People can see the big difference between what the life was during the war time and how it is now and they are so thankful. They are once again asking for seminars from Pastor Mike and Mama Roz.

Concerning the developments in Southern Sudan since the peace, the roads are now okay. The distance from Yei to Arua which we used to travel in nine hours now take people three hours.

It was so great for me and my wife to go and see her parents and also to meet people who graduated from Yei Bible School. It was a long journey from Malawi to the border of Sudan but our God is a good God and He made it possible for us. Also I really thank my spiritual father Pastor Mike for his help. I am also not forgetting Pastor Frank, thank you so much for your help. I thank all the members of Kalibu mission for their prayers. May God Almighty keep blessing all of you.

## KALIBU ACADEMY

Now there are now one hundred students at Kalibu Academy. The students themselves admit that this school is the best place for them to be trained in all areas of education but that it is a training place for their mind, body and spirit. There is order and discipline and high standards for studying and behavior which has made students leave their old lazy and sloppy attitudes and put all effort into seeking and reaching higher standards and goals in every sphere of their lives. It is not easy and many have been murmuring and complaining but they are now all saying it was worth the initial hard times because now we can see victories in our lives! It really touches our hearts every morning to see all the students and teachers worshipping and praising the Lord during Assembly. Most of the students are now born again, and many of them have received baptism of the Holy Spirit. Many are going to be baptized in water this coming Sunday. The students' desire to know God more is continually growing. About 30 students attend intercession groups—by choice - nobody forces them, as they just desire more and more to be involved in business with God Almighty. These are only the first fruits of the harvest we are going to see in the years to come. Glory be to our Lord!

With every day Kalibu Academy is becoming more and more beautiful. The Stan Newton Hall is about to be finished - the floor is complete and the walls are beautifully decorated; new lawns and flower gardens are being added around each building and even outside the main gates of Academy, - the view is really amazing!
