Beloved Partners and Friends

I never cease to marvel at the accuracy of the Word. Genesis, the Book of Beginnings declares, *“There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they bore children to them, the same became mighty men which were of old, men of renown.”* The word giant means “bully” or “tyrant” and not a Goliath type character in physical stature. Nimrod was a “mighty hunter.” The word hunter means the same as giant which is “warrior” or “tyrant. The idea that angelic beings came down and procreated with men stands little Biblical scrutiny though it is a very popular idea and equally popularly taught. As I read of the descendants of Cain after the death of Abel I see a rapid population explosion of a wicked line of vagabonds and fugitives building cities and procreating to produce evil on the earth. Only after the birth of righteous Seth who replaced Abel do we see a new line of righteous begin to multiply. The earth was greatly populated during the 1650 years from Adam and yet, the most frightening fact is that the righteous line did not last. It is refreshing to read after the birth of Enos, *“then began men to call upon the name of the Lord.”* There was that mass of humanity, the descendants of Cain and Lamech that had absolutely no dealings with the Lord. They lived selfish wanton lives of total depravity. It proves that man, without the desire of the Lord is utterly depraved and without hope or direction. Then we sigh such a sigh of relief and breathe a great breath again as new hope explodes into the annals of humanity. A son is born to righteous Seth and men call again on the Lord. It gives us a picture of what it must have been like for Lot to live in the cities of Sodom and Gomorrah and have

UP AGAINST GIANTS

his righteous soul vexed with their filthy conversation. But alas, one rotten apple in a basket full will turn all the other apples rotten. What an amazing fact. It is no wonder the Lord warns us, *“And have no fellowship with the unfruitful works of darkness, but rather reprove them. For, it is a shame even to speak of those things which are done of them in secret.”* (Eph 5: 12) The great tragedy is that the righteous seed mingled with the unrighteous seed and produced tyrants and bullies on the earth. *“And it came to pass, when men began to multiply on the face of the earth, and daughters were born unto them, that the sons of God saw the daughters of men that they were fair; and they took them wives of all which they chose.”* The word “sons” means “nation builder” whilst that of daughter means “apple of the eye.” God might very well be “god” meaning the “gods” which then sheds a much more meaningful light on the entire Scripture. The picture is evident. The wicked line of Cain and the righteous line of Seth intermingled and married until there was nothing left of the righteous save Noah. This is hardly believable and yet, utterly true. As I look at the depravity of man and I look at the 21st Century church and how it has become corrupted, are we not headed down the same path? Jesus Himself proclaimed, *“As in the days of Noah...”*

How small the true root of righteousness is in the world today. How small a remnant is left to carry the torch and cause it to burn more brightly than ever? That is not to say, “feel sorry for us” or we are “better than them” but with humbleness we realize the enormous and daunting task that the Lord has laid upon us to be the “salt of the earth” and a “light on the hill.” What a call to be true watchmen for the Lord and to realize that the Lord has called me, yes me, to be His glorious ambassador in the whole earth. We are up against the giants and it seems like our voice is so small in comparison to theirs. Yes, but take heart. We have the ever abiding presence and power of the blessed Holy Spirit whose task it is to manifest Christ and bring men to the knowledge of salvation.

It is my business to stay in love with and on fire for the Lord. What a

trumpet call the Lord is sounding for the rally of His people for His divine purposes in this hour. We are to be separated from the world and the passions and lusts of it so that we might win it to Christ. Compromise is of the devil and will never work. To lower our high standard to accommodate what the daughters of men desire will weaken the cause of Christ and destroy our resolve until there is little left. Away with the luke-warm, Laodicean church.; away with worldliness to win the world; and, away with double standards that is rampant today. The Lord is looking for a Holy undefiled seed to be the remnant for the future. If the church continues along its path of self destruction it will not be long before there is only a Noah left!

Of course it is difficult to swim against the tide of popular opinion. The Gospel enterprise has sown a corrupt popular message that has weakened the truth and weakened the church. The giants are rampant and ever on the prowl to find victims. How quickly the pure line of Seth disappeared and how quickly the western church has disappeared through intermingling. The very efforts that the west is making to preserve her posterity is the very thing that will utterly destroy her. The wooden horse is already within. Only a mightily revived and vibrant church will shake the west and this will never happen until all compromise is banished.

KALIBU ACADEMY

BAPTISM

It was a powerful and dynamic Sunday service as some 95 students of the Academy came forward for water baptism and underwent immersion as a powerful testimony of their faith in Christ. The students are passionate about Christ and many are truly on fire and wanting their friends to follow suit. The Sunday services are dynamic as these youngsters pour out their hearts to the Lord in worship. They have much to learn but they are so hungry and willing that it makes teaching them so easy. We have watched as the standard of their academics simply explodes, getting better and better. This is directly related to the level of faith in the Academy. Only a fool can deny that improved academics comes as a direct result of prayer and the abiding presence of Christ in any academic institution.

ACADEMY EXPLOSION

The Academy is exploding. We have 327 students at present and so many wanting to join in the new year. We are being constricted by lack of boarding space. We desperately need to build yet more hostels and that of course takes finances. Pray with us that the Lord showers down these finances. If we could have another set of hostels, we would have 500 boarders in January and 200 day scholars. What an opportunity to impact these lives and through them, their parents who are leaders in the nation. What an investment this has become and what an impact this Academy is making throughout the country. For those who have faithfully invested, you would simply marvel if you were here to listen to the powerful testimonies of parents who share how their sons and daughters lives have been radically changed. It is simply FANTASTIC!

ACADEMY DVD

The Kalibu Academy DVD is available to anyone who would like to see a vision in progress. So many have been faithful to support this project over the years and I am sure that many grew faint hearted and wondered if the vision would ever come to pass especially when it was placed on hold for our years of work in Southern Sudan. Surely the Lord knows what He is doing. If we had built the school during those ten years it is very probable that we would have lost it to the government and it would have become an Islamic school. Because the Lord placed it on hold and because of the prayers of the Kalibu team in Malawi the country finally has a government with many members who are Born Again and if not they certainly support the school program since they are beginning to see the fruit already.

The DVD is available to any of our partners and supporters and we would like anyone who has contacts and friends in the business world to share this DVD with them. We have two DVD's—one that promotes the school from a secular standpoint and another that clearly shows how Biblical principles are impacting the children. If you would like a copy for yourself or a number of copies to give to others please call the office in Missouri. The number is (636)462-5540.

CONTAINER

A container just shipped from Toledo at the beginning of October. Our grateful thanks once again to Mail It for storing and for opening up for us on a Saturday. Also thank you to our faithful team of loaders from New Life Assembly of God in Findlay under the capable direction of Mike and Mary Lee Benedict and also Rick

and Cathy and Dave. We were astounded at the amount of stuff that had been stored and the time the staff at Mail It had obviously spent on sorting and palleting. We would not be able to send these containers if it weren't for them opening their warehouse up for our use. It was amazing to see just how much could be fitted into the container especially when we were convinced that half would have to be left behind. Every little hole was filled with something. Thank you all for your faithfulness.

We still require items for the school and the ministry as long as they are in good condition. For those golfers out there—please make enquiries about 2nd hand golf carts especially those that can carry passengers. The school is vast and we need at least two to get around the property. For those contractors out there—please make enquiries about second hand Bob Cats. Since we still have numerous dormitories to build one of these would be invaluable.

When these containers are opened in Malawi it is like Christmas. This is the reason why things need to be in pristine condition. Imagine giving your children junk for Christmas? This container is due to arrive there just before Christmas depending of course, on the Mozambique port of Beira—their red tape and delays—and the rains.

Inside a dormitory. Showers, toilets and lockers are separate and run down the left side of the dormitory. We still need \$200,000 to build enough dormitories for the 2008 intake.

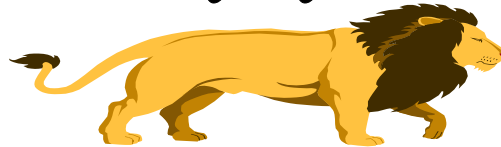

Cottages for staff and visitors consist of bedroom en suite, kitchen and pantry, dining room and living room with a porch running along two sides of the house. The view from the cottages is spectacular.

Science laboratories. Our container just arrived from China with much of the science equipment. These need to be operational with the new year in January 2008.
