Beloved Partners & Friends

Last year in a powerful prophetic message that marked the fortieth anniversary of the liberation of Jerusalem, I declared that the world would face some most significant events beginning that year. These events would usher in the final days of the end times. Within months, the price of fuel began to skyrocket and the whole global economy was thrust into a major melt down through the failed housing loans crisis. As believers and particularly watchmen, it requires us to be vigilant and awake and have ready answers for what is happening on earth. The last thing that the church needs to do is dig in any more and continue with her pathetic club mentality or fortress behavior thereby further marginalizing herself and becoming even less relevant than she already is. We must know what is taking place on this planet and provide some real explanations. More than the ready answers, we must live dynamic and powerful lives that will speak volumes to the world. It is long overdue for Christians to shed the trappings of dead religion and enter into powerful relationship with the Lord that will bring us into HIS REST. So, what on earth is happening? First and foremost, for all who are against conspiracy theories, let me state unequivocally that we are living in the greatest conspiracy ever. *“And the great dragon was cast out, that old serpent, called the devil, and Satan, which deceiveth the whole world: he was cast out into the earth, and his angels were cast out with him. The devil is going around as a roaring lion seeking whom he may devour because he knows he has a short time.”* Full of all wickedness and malice, he inspires men to the same. Our global problems are because of the wicked machinations of men and not because there are any shortages of any resources on the planet.

ARE YOU A WATCHMAN

We are watching Revelation unfolding before our very eyes when John prophesied. *And I heard a voice in the midst of the four beasts say, A measure of wheat for a penny, and three measures of barley for a penny; and see thou hurt not the oil and the wine.* There is not a single world leader today who is a real leader and certainly no leader who is even attempting to answer the global crisis that we face. This means that the nations that are rapidly sliding into despondency and despair will eagerly embrace a world leader who will provide real answers for the world crisis. The greatest crisis facing the globe is a massive food shortage spurred on by the fuel crisis. The fuel crisis is not because there is a shortage of oil reserves but because sloppy planning has not prepared and built enough refineries. Coupled with such inept worldwide government is the sudden demand for beef in India and China. Some 250 million Indians and over 400 million Chinese are all aspiring to middle class values and tastes and one of those is beef. Now, in an effort to answer the fuel crisis western nations have embarked on the building of massive ethanol plants to produce fuel from grains. This short sighted policy has sent grain prices soaring and created a major competition between animals and humans for the remaining grains. With 700 million Asians wanting vehicles, there will never be a shortage of demand for fuel. The price of oil will continue to climb because the demand is far outstripping the supply. Compounding the massive grain shortage in the world is the exploding cost of all types of food because of the spiraling fuel prices. Herein lies a massive problem and no world leader is seriously addressing this greater critical issue than even global warming. Hungry people are dangerous people and hungry people are revolutionary people. Whilst the rich are getting richer and the poor remain poor, it is the aspiring middle classes that have most to lose. The world is polarizing between the “haves and the have nots” and this is no longer a simple West versus East divide for there are hundreds of millions of “haves” in Asia. The poor will be ready tools in the dangerous hands of a growing middle class that will be plunged into hunger and poverty. Life styles must change and this change will be rapid in the face of massive global crisis. Already in many nations people have been

forced into eating only one meal a day. And, there are no leaders, political, economic, social or spiritual to provide answers to such issues. What an opportunity for the Church to get out of its religious rut and lead the way in pointing to the only hope for mankind. In the face of such mammoth global issues, there is one who holds the nations in His hands and HE alone is the answer. The explosive speed with which things are happening only causes one to sit back amazed as we see Revelation unfolding before our eyes. It is for you, beloved, to provide ready answers for an increasingly terrified world population. We can only provide those answers as we leave our clubs and exit our fortresses and provide the nations with the real answer that Jesus is coming. How will they hear unless you are a dynamic WATCHMAN?

ATTEMPTED COUP

Very often in Africa, leaders and governments cry COUP as a way of politicizing situations and silencing their oppositions. The crisis in Zimbabwe goes from worse to worst as the tyrant Mugabe holds on to the last vestiges of power. Whilst all eyes are focused on this major issue in Africa, the world paid no attention to another major crisis in Malawi this past week. The former Moslem president, Bakili Muluzi who was ousted from power in 2004 through powerful intercession has been doing everything possible to stage a comeback. Having received vast sums of money from the Arab Moslems to regain power and Islamize Malawi, he planned a hostile take over this past week. Again as before, he used these vast sums to buy politicians and execute the ousting of the current president in a bloodless coup. BUT, here is the deal. When the hand of God has moved in a situation and the Lord has answered the cries of true intercessors, nobody will ever be able to overturn that which the Lord has sealed. I have shared how we interceded in 2004 and saw the change of constitution bill overthrown in the amazing and miraculous intervention of God to save Malawi from being Islamized. I shared how in January 2005 just after the inauguration of the current president there was an attempted coup. It was exposed and overthrown. Yet again, by the hand of Almighty God, another coup has been exposed and defused. This is Islam seeking to take the Continent of Africa. It is imperative that you obtain a copy and read the thrilling intervention of God to save Africa from Islam in my book, "To Save A Nation." This coup attempt has been very real and once again shows how the power of intercession continues to operate in any situation once the intercessor has broken through with God.

FAMINE

Compounded by the political and military catastrophes in Congo, Zimbabwe, Kenya and Somalia drought has struck much of Africa yet again. A mammoth food crisis looms in Malawi as prices of basic rice and maize, the staple grains is sky rocketing. The prices are escalating on a weekly basis so that by November a bag of 50 kgs (110 lbs) of maize will cost over US\$30 which is more than the average monthly salary of any laborer. The price is already reaching half that amount and harvesting of last seasons crop is still in progress. In an all too familiar appeal, we are asking yet again for support to bulk purchase maize to store for the crisis at the end of the year and into the New Year. If each reader would simply purchase one bag, only ONE BAG of maize at US\$20 or 15 euros we would be easily able to purchase a thousand bags of maize right now for storage and later distribution. This would only help our pastors and families and our headquarters staff but what a help it will be. Purchases need to be made urgently! This is another crisis.

NORTHERN IRELAND

God is opening up for Shekinah Ministries in the UK and Ireland.

"Following the Intercession Conference held in Bangor,

Northern Ireland, at the beginning of April by Pastor Michael Howard of, Out Of Africa. Malawi, an Intercession Training Day was held last Saturday by Toni Tolsa of Out Of Africa. Finland. This training day was to continue the theme of Intercession, with practical training in holding effective and productive corporate prayer and intercession meetings.

How can I start to describe what an awesome and inspiring day was had. There was very clear, heartfelt teaching on corporate intercession as a body ministry, with every person present participating. We were encouraged to praise and worship the Lord with loud voices and shouts of joy, and to cry out to the Lord with all of our hearts and not just our minds. We all had to practice, if a little shyly and reservedly at first and discovered an amazing liberty and breakthrough to touch the heart of God with our prayers. As the day went on, our hearts were so touched and moved that tears and strong prayers and loud praises flowed freely. Inhibitions were lost and the focus was on the Lord and not on ourselves. It was powerful and real. I could feel the Lord's Presence in a way I have not done before. There is an experience of breaking through the flesh and the things that bind us and reaching the Father in a tangible way and it brings release and strength. It is life changing.

We were taught about the need for strong leadership at corporate prayer meetings, sensitive to the leading and direction and flow of the Holy Spirit, i.e. praying the prayers that have the life and anointing of God in them. There was very valuable and helpful instruction on how to encourage everyone to get involved and participate, to keep the prayers short enough so everyone gets the chance to pray, to follow the theme and flow of the Holy Spirit as directed by the leader, the need for unity in the group and submission to the leadership of the meeting.

Toni's burning passion and desire to help the body of Christ to understand, know and experience the Father's love and delight in us, is so strong and anointed that many hearts, including mine, were stirred and impacted. I was left with a new sense of trust and realization of our Majestic, Awesome and Almighty God and Father who loves and accepts me as His beloved!!! Glory to His Holy Name !!! The personal testimony to God's loving-kindness and true nature was so awesome that hearts and lives were touched and changed."

OUTREACHES IN MALAWI

We traveled to Kalibu Church, Zomba on April 28th, 2008. The people in the village received the Kalibu team with much joy, excitement, dancing and singing. Miss Rosetta of Charleston South Carolina preached a message from Luke Chapter 12 – “God has not forgotten you”, and Brother Joseph interpreted the message in Chichewa. The Village chief asked that we remember them always and asked that the ministry help them to get access to water because they must travel so far to get water daily. He stated that we must take care of the body as well as the spirit. The worship experience was truly blessed. Pastor Christopher Navaya gave words of faith and encouragement to the people who expressed their joy and appreciation through their overseer. A glorious time was had by all.

Chikwawa – Vega Village 5/11/08

We visited Chikwawa, Vega Village for a day of prayer, praise, worship, dancing and fellowship. The Kalibu team was well received. Pastors Matete and Navaya led worship, & gave words of encouragement. Rosetta Swinton preached a message from Psalm 103 – “God has a benefit package for you”. There were many children. The church’s youth group ministered in songs of praise, worship and adoration with such anointing and power. All were blessed. Several pastors and their wives were in attendance to celebrate in worship. The children and the families are in such great need. The extreme poverty was quite evident as their little bellies were so swollen, but they praised God with all that they had, giving God honor and glory and praise. These pastors and families need our help constantly in prayers and support.

PASTORS IN ATTENDANCE AT THE VEGA MEETINGS

TESTIMONY

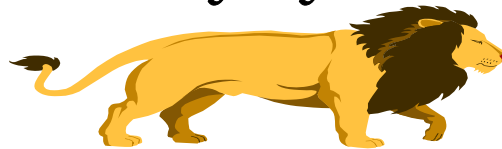

Dear Pastor Michael, I just wanted to write and bless you as a spiritual father. I am thankful that the Lord had you cross my path as your testimonies and books have definitely charged my faith to know that there is nothing to fear in fulfilling what you are purposed for because you can not be touched until your assignment in this earth is completed. I am surprised that so few have a heart for the African people, because they are true jewels to the Lord. I cannot convey all you have done in my life to stir it toward God's purposes. I know that when I read Tales of an African Intercessor, and having read Rees Howells intercessor three times, I knew it was talking to me. I had this dream one time that I was with you in Malawi at your training school. I saw 100 Chinese students training there - they all had on red sweats. I was the “odd ball” as I had on blue and green sweats which I later came to find out represents anointings or mantels. You told me that Isaiah told you I was coming and that I should bring my wife with me and also the set of books which I somehow knew was a set of my friend’s books. Keep up the good work of the Lord. Many may think that you are a rough character and it is just because they don’t really know your heart as those who are closer to you. May God bless you as you have blessed me.
