FOR SUCH A TIME

Beloved Partners & Friends,
 I watch in amazement as, day after day nothing is being done to help the Georgians who are crying out for help from the West. Whilst Vladimir Putin socialized with all and sundry who attended the Olympics opening in Beijing his tanks were rushing into Georgia massacring upwards of 10,000 people as they went. What a brilliant strategy. The whole world was riveted on the Olympics, the US is caught up in elections and a war in Iraq and the Europeans are spinelessly and gutlessly nauseating because they are held to ransom by Russian oil and gas. When men no longer have the will to stop tyrants they are legitimizing their tyranny and giving them carte blanche to continue. This is precisely how Hitler rose to power so rapidly. The Russian military machine is on the move again and has caught the world unawares. Finland, wake up! Lithuania, wake up! Latvia, wake up! Estonia, wake up! Poland, wake up. None of you will ever be forgiven for seizing your freedom from Russia. You are not true Europeans but mere cannon fodder; you are expendable nations on the front line against Russia. Europe will sell you out to Moscow using you all as a bargaining chip for oil, natural gas and peace. The US will not come to your aid even as they have not come to the aid of Georgia because they no longer have the resolve. Russia has carefully tested the waters even as Hitler did so in Europe in 1939 and found nothing but a lot of hot wind belly aching. Remember Warsaw in 1956! Remember Prague and remember your own resolve as you stood against Russian tanks even under glasnost and perestroika? Who came to your aid? President Kennedy withstood Russia in 1961 because Cuba is the back door to the US otherwise nothing would have been done. Bullies will always continue to bully until and

unless someone has the guts to rise up and put an end to their bullying. The situation in Georgia will never be helped by the pathetic rhetoric of presidential candidates declaring, "We are all Georgians!" That is the same as someone saying, "SHAME" when your loved one is dying. Thank you but I do not need your shame and sympathy but your action. BUT, He who sits in the heavens will laugh them to scorn. Finland, remember Ihamatra. Lithuania, remember the television tower in Vilnius. Poland, remember the dockyards of Warsaw! None of these victories were won because of natural or military ability but because of the prevailing prayer and cries of a bullied people whose backs were against the wall and who turned to God. God hates tyranny and oppression in any form and He is simply a cry away. There is, consequently, no doubt that the Lord has been raising up true intercessors in these nations to take the high ground with the Lord and fight battles of which most know nothing about. It takes only one vessel to move the hand of Almighty God for Him to come down and intervene in any earthly situation. In light of these events, how much more necessary is the power of intercession to move the hand of God. The Lord is always a march ahead of us all. He called us to establish intercession in Finland and Lithuania as very strategic nations in the forefront of a stand against the Russian bear. It is too late, as King Hezekiah found out, to pray after the event. How incredibly foresighted of the Lord to raise up a WATCHMAN on the walls who was able to give the sure word of the Lord to the king and the entire nation of Israel. That is precisely what He has been doing in these nations as He has stirred up small bands of true intercessors who will not keep their peace but make their cries known unto the Lord, day and night. So few really know the incredible power of intercession but it will be the true intercessors that will save the nations from the venomous wolf of the north quarters. It is long overdue that we all became a little more serious about intercession. It surely works as we have proved over and over again. True intercession is going to be the only power to save Lithuania, Finland, Poland, Latvia and Estonia from the designs of "mother Russia." So many have ridiculed, criticized and mocked what the Lord has been establishing. The intercessor, however,

is not concerned with numbers or approval or what anyone else is doing. The intercessors only concern is with what the Lord tells him to accomplish. The Lord's vision is panoramic and He is always ready to hear the true cries of a humble intercessor. The Lord has raised up the intercessors in the land for great things and for such a time as this.

There will always be need especially in the Third World. Many asked us during Pastor Michael's tour of the U.S. this year to let our supporters know exactly what the needs are. These men and women oversee numerous Kalibu churches throughout Malawi and Mozambique and here are some of their needs. As you know we have already been collecting maize and various other grain and are storing for the shortage during the winter months. Bicycles are about \$60 each and enable our pastors to travel between their various churches with more ease otherwise they would have to walk. Bibles are always needed and sell for about \$60 a box.

LETTERS OF SUPPORT

Michael Howard,
Watching you on God's Learning Channel, I recalled reading your book last September on Intercession. I believed every word and filled the margins with personal notes where I felt passion..
At present I do not attend church and I want to be taught by someone who KNOWS that the Word and not money IS the Bread cast upon the waters.
J.V. Geronimo OK

Hello Roz,
I remember when I asked you about the books and quite frankly, I didn't want anything to do with the snake book, hahahahaha. I'm telling you that when I was done with that book I could have kissed you for handing it to me because I would never have touched it. I loved reading your chapter and reading about you in the others. The books have impacted my walk with Father, Jesus, and the Holy Spirit sooooo much that I just go nuts telling people why they **must** buy the books. I know I'm nuts for intercession, but that is not just the reason I'm passionate about the books. There have been so many things that our Father has been able to teach me as I read the books. I really believe they're a guide to prepare for the days ahead. And I thought I was really walking with the Lord before!!!!!!!!!!!!!! I'm so emboldened to press in and on to pay the price to be able to see His Kingdom come in every area of my life and in the region. I believe that if everyone would read the 2 books about Jonathan especially, then they would be released to be who God wants them to be so that they will take their place in the chronicles of heaven in these days that lie ahead. Maybe the women would actually let the men to that, what a revolution we would have in the body of Christ – AMEN!!!!!! I'm praying that Michael's words will loose people where ever he goes in this nation – for the revelation of just who our God is to knock them out of the pews....

I'm so glad you wrote - I wanted to thank you big time for hosting Michael Howard in your lovely home. I thought it was a wonderful evening - so relaxed, and he was charming. What a privilege to be able to ask him questions in a setting like that.

Thank you for your message of love and the overwhelming knowledge that stemmed from the Word you brought that when we have a relationship with the Trinity we can bask in Their love and acceptance. That when we rise up and walk in the authority that comes only from Him that we cannot fail but that we are triumphant in Him.

KALIBU ACADEMY

The new term started on September 1st which is the reason that Bwana had to be back and had to cut short his time in the United States.
He arrived back in Blantyre on Saturday and on Sunday the boarders began arriving from all over the nation and including Tanzania, Mozambique and Zimbabwe. There were 161 boarders in the new intake and 46 day scholars. It just goes to show that no matter where in the world we are so many parents are too busy about their daily business to really take care of the children that the Lord has blessed them with. They live ten miles away but still place them into boarding and see them one weekend in three months. It is so easy for us to have someone else take responsibility for our children but woe betide anyone in authority at the school if parents think that we are to strict or unfair. It would actually be a blessing if we did not have to deal with parents at all. Malawi is actually no different to the youth groups in the United States. I well remember helping with a youth group a number of years ago. It had a particularly unruly element and as so often is the case, the parents of the unruly element were part of the leadership of the church. When I called to discuss the problem with the parents, every parent without exception, took the part of their children.
Still, our attitude is that while those boarders are with us for nine months of the year they belong to us and we grow to love them no matter how wayward, and will bring them up as we would bring up our own. Before they are accepted into the school parents sign on the dotted line and the only recourse they have is to remove their children. However, most parents have to acknowledge that their children are changed for the better after only one term AND the education system is better than any of the other private schools with their children really learning because of the excellent caliber of the teachers. Not only that, we have discovered that with many of the children who accept the Lord as their Savior after joining the school and become involved in prayer meetings and Bible studies their school results seem to radically improve. As they grow in the things of God so His wisdom and Knowledge operates in them and opens them up more and more in the classroom to so up whatever is taught them.

Baptismal service held a week after school opens for all new converts.

2008 ITINERARY

It was once again wonderful to make contact with all our friends and supporters during the very brief month of itinerating in the United States.

Thank you for coming to meetings when we all recognize that the biggest idol in the West is time. We acknowledge that it is difficult to fit in more meetings when you put in a hard day of work, many of whom have to battle traffic to and from work and then have family when you get home. However, when we place God first it seems that He always honors it and will not only bring blessing but will also multiply your time.

Thanks again for your faithful support and we know that the message that was brought while Bwana was here was powerful, uplifting and should have been life changing.
