Beloved Partners and Friends,  
 We are living in the most dramatic of times when the whole creation is in a total uproar. These are birth pains and preparations for 2012. Mark the calendar for next year as this earth is going to be hit with unimaginable disasters. Floods, droughts, famines, earthquakes, mudslides and volcanoes are just to mention a few of the natural disasters happening all at the same time across the planet right now. They are going to multiply and intensify in build-up for December next year. Then there is man himself messing up the creation so rapidly that only God through Jesus, the original creator, will be able to restore it. I was reading of the impact of the Chernobyl disaster that so affected Finland. It will take 27,500 years for nature to deal with the last vestiges of the plutonium poisoning that took place. Jesus will fix it with just one word from His mouth, "Be HEALED!" The last month has seen the most incredible upheavals in the North African Mediterranean rim. Whilst the foolish western world screams for democratic systems – which systems are totally foreign to those nationalities and will be for another thousand years – that causes such massive chaos, the forces of militant Islam are waiting their opportunity. Welcome Sharia in Egypt. Welcome Sharia in Libya. Welcome Sharia in Tunisia and all across the Arab world. And, while the west worked so hard for democracy in Somalia, it is now largely under Islamic control and produces nothing but pirates. The western world has no idea how to handle them and Europe and United States are welcoming the PIRATE NATION with open arms. For all we know, many of the pirate operations might well be planned and executed from your own city. Do not laugh. The world should leave China and India to deal with the piracy problem. All it needs is for a few

## IS IT THE END TIMES?

destroyers to anchor off the pirate town that now holds 37 ships to ransom and blow the town to pieces. This is WAR! Queen Victoria did it once and it ended the problem throughout the British Empire. It is time that we all woke up to the unstoppable Iran. It has long disappeared in the western world that a man is willing to die for what he really believes. This is because everything today has become equated with money. We will trade with the devil himself for a few extra euros. We will compromise anything for wealth and even sell our own mothers to make more money. What a despicable state of affairs. Jesus said, "The **LOVE** of money is the root of all evil" and sad to say, the west is in love with money. It is seriously difficult then, for westerners to believe that there are people who will not only stand by their principles but are willing to die for them whether they are right or wrong. Islam is waiting for the appearance of the al Mahdi. This man will be the 12<sup>th</sup> Imam from Mohammed and a direct descendent of him. He will be the SPIRITUAL SAVIOUR of a world gone crazy, so they believe. This craziness is created by Iran with its support of Al-Qaeda and Islamic terrorism across the globe. The reason for this is that Allah's designated Mahdi demands a violent path to conquer the world. President Ahmadinejad, and his cabinet, say they have a 'signed contract' with al Mahdi in which they pledge themselves to this work. Ahmadinejad claims to have met with al Mahdi who has been in hiding since 13<sup>th</sup> Century. Ahmadinejad said that he was, "directed by Allah to pave the way for the glorious appearance of the Mahdi." The pavement that he is talking about is bloodshed, war, terrorism and nuclear holocaust. Ahmadinejad has committed Iran to a bloodshed agenda. Before the Mahdi appears there must be three years of absolute world chaos so that the Mahdi might bring world peace before a glorious seven year reign over an Islamic world at the end of which time he will invite Mohammed to return. Mahmoud Ahmadinejad has stated Israel should be wiped off the map whilst Iran's prime minister calls the West the Great Satan and seeks out and out war to prepare the world for the coming Mahdi. What a tragedy that no so-called Christian nation has ever been dedicated to

the cause of Christ in the same way that these men have committed Iran to utter world destruction in the name of Allah. And, let us not pretend that they will not carry out their mission for they are already in the process of doing so. Iran will drop the bomb in the belief that this is Allah's will. The first Iranian nuke will probably be called, "Mohammed." Never forget that the ONLY ABSOLUTE GUARANTEE in Islamic teaching of a Moslem going to their paradise is to die in a holy war. Ahmadinejad is as committed to holy war as the west is committed to the love of money. Never will the twain meet. The problem with the west is that they do not believe that Iran will actually do it because it is not within the western mindset to "die for what we believe" let alone commit an entire nation to such a road of destruction. Hoping that the problem will simply go away is not the answer. Iran's nuclear capability should have been neutralized without discussion a long time ago. But then, these things must be for the next great phase of world events. And, never forget again, The Lord God Almighty is fully in control and laughs to scorn all the plans of man and the enemy.

The false prophet must arise in the Islamic world – the spirit base – so that the Antichrist arises in the western world – the monetary base. We are seeing the apocalypse unfolding before our very eyes. This prepares the way not for Mohammed, but for Jesus Christ in the clouds of glory with ten thousand, thousands and thousands of thousands of His saints.

## KALIBU ACADEMY

Kalibu Academy now has a new Headmaster/Principal. Congratulations to Pastor Paisley Mavutula who is doing such a wonderful job running the school and is a very capable replacement for

Bwana who is sorely missed by staff and children alike. It has always been the plan to train a Malawian to take over and run the school and all of the various works that we have. Now Bwana can carry on with the purposes and plans that God has for this ministry. We build and move on leaving the existing work in good hands and offering advice and input when and as needed. That does not mean that we leave them in a vacuum and in twenty years time when Francis Banda is Headmaster, Bwana, Pastor Paisley and I will still attend prize giving night and be there for staff and students alike.

I have just returned from Africa and what a wonderful trip it was. We celebrated sports day while I was there where the students all excelled in track and field events and I was able to briefly attend an inter school soccer/basketball/volleyball competition where Kalibu bested the rest of the schools in both soccer and basketball. The container from China arrived and we offloaded the new uniforms along with computer desks and bunk beds for the hostels. The students are greatly excited at the prospect of new uniforms as another school has adopted a uniform similar to the one we already have. School uniforms in Africa are something that most children are proud to wear and everyone in the city knows to which school you belong. They are not only worn in the classroom but also worn to sporting events and other inter school activities.

We have recently started debate and it has come to the attention of the government who are sending representatives to monitor it so that it can be introduced into other schools in the nation. While I was there the debate subject was "Has the First World made a positive or negative impact on the Third World?" Very interesting subject!!!

Assembly at 7.00 a.m. every morning is always a highlight as all of the students meet in the great hall for praise and worship and someone ministers the Word to them before they start their day in the classroom. It is a long day but it keeps most of them so busy they cannot get into serious trouble. They are normally up at 4.30 to shower and clean their dorm rooms in time for breakfast at 6.00. Assembly is at 7.00 and classes start at 7.30 and finish around 1.00 when they have lunch. From 2.00 to 4.00 they have study hall and sports, dinner is at 6.00 and homework is from 6.30. When they are done with that it is bed and lights out. On Saturday they often have inter school activities and have to travel to another school to participate or to cheer their teams on and at 6.30 there is Chapel. All boarders have to attend no matter their religious persuasion. We had some very powerful meetings one of which went for over three hours and the kids still did not want to leave. The praise and worship was dynamic such as I seldom see when traveling throughout the US or Europe. It was hot to where you could wring out your shirt but that did not stop anyone from dancing, twirling, singing and leaping before the Lord. How thrilled He must be to see the faces on these kids as they totally surrender themselves to Him. How thrilling it is for us to see a new generation of young people excited about Jesus and ready to go on to higher education and to hopefully return and impact their nation with not only what they have learned in university but also with the wisdom and knowledge of God and the moral fiber that goes along with that.

**CONGRATULATIONS** Pastor Paisley on your new appointment as Headmaster of Kalibu Academy. We are so proud of you and know that the school will flourish and excel under your very capable leadership. A wonderful example of how God promotes those who are faithful in the little things and surely Paisley has been so faithful, not only to his calling from God but also to us. We are so proud of you.

## KALIBU ACADEMY CONT

The Malawian newspaper “The Nation” headlines under “Young and Free” for February 26th 2011 and article “DAZZLING NYENGO.” It goes on to say:

“Sixteen year old Nyengo Mtawali has reaped fruits of his hard work, determination and trust in God by emerging overall best student of 2010 IGCSE in Southern African Development Community (SADC) region. ( Ed Nopte SADC comprises Angola · Botswana · Democratic Republic of the Congo · Lesotho · Madagascar · Malawi · Mauritius · Mozambique · Namibia · South Africa · Swaziland · Tanzania · Zambia · Zimbabwe and Seychelles)

The smart young man scooped seven A\* (Similar to A+) and two A’s during the Cambridge examinations. ‘I believe in God. I prayed before tackling any school assignment, no matter how small and I tithed my pocket money all the time. In addition, when I have a dream I never quit; I fight until I get it done. Before I sat for an exam I put social life aside and concentrated on my books. I am sure of succeeding because my biggest motto in life has been to stick to plan “A”. There is no plan “B” in my vocabulary. God has always seen me through with plan “A”.’ Nyengo loves to read the Bible, listen to music and chatting with friends.”

Nyengo was 15 when he wrote the exams which are normally written by 18 year old students. These results assure him entrance into any university in any nation. His mother came to visit me while I was in Malawi and told me that he really wants to go to the University of Texas in Austin, Cockrell School of Engineering. The fees are astronomical—some \$46,000 per year. If there is anyone who would be able to assist this young man realize his dream in getting him a scholarship to attend Cockrell please would you contact our office (636) 358-4615 or shekmin@aol.com. If there is some other school of Engineering that would offer a scholarship and you know of it please let us know. It is a tragedy that someone with this determination is not able to pay his way or get the money especially when the nation desperately needs young men like him.

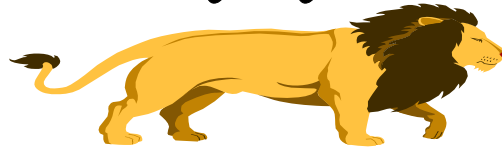

This is the caliber of young men and women that Kalibu Academy is turning out. Our grateful thanks to all of our partners and supporters who have made this vision a reality. Your prayers and your giving have made this kind of thing possible. This is the type of soil into which you have planted—fertile, enriched and watered with the Word. Thank you.
